The Kiski Area Marching Band, Staff, Boosters, and Parents are interested in knowing which alumni class has the most Marching Band pride! What better way to determine this than a competition! We are asking ALL Kiski Marching Band Alumni to support this competition with a donation of the year that you graduated.

For example: graduated in 1991 = \$19.91 donation.
(If you would like to donate more....AWESOME!!)

As you know from when you were here, the costs of our program gradually continue to escalate. We work very hard to keep the program affordable for all students who participate. Your support will greatly help us to achieve that goal.

Please share this with as many classmates as you can!

We look forward to seeing how many different classes of alumni accept this challenge of support. We will keep you updated with the "Preliminary" results!!
Ready, set, GO!!
